Dear 1M,

Welcome to Week 2!

I hope that you had a lovely weekend.

How are you feeling today? I hope that you are feeling full of energy and ready for another week of home schooling using the online resources on the website!

There are a fantastic set of activities this week and some additional excitement is the hopping challenge that has been set. I will be practicing and recording how many hops that I can do in 30 seconds every day and will let you know how I get on! Good luck for the challenge, I am sure that you will be many hops ahead of me!

Remember to keep reading to an adult each day and make sure that you send me photos, emails, tweets about how you are getting on. I really do enjoy hearing your news.

This week, I have some work to do and some things to read and learn, and I will of course be helping my children to do their home learning. I am sure, like you, that we will also be finding time to have fun as well. Be good, be happy and keep smiling 1M.

You are greatly missed.

Take care

Mrs. Mazzotta xx
