Dear 1S,

Wow! What an amazing week of learning. You are all doing so well and the level of work you are sending me is fab! I am seeing lots of WOW pieces of writing too. I'm so excited to see when you have uploaded your work onto Purple Mash and I'm really enjoying reading it all. I am adding comments so hopefully you are able to see these.

It is such a change having to do learning at home, but you really are doing a great so please keep persevering and doing what you are doing. You've got this, I believe in you.

We have adjusted back to home learning here. Charlie has been completing a Solar project in Science, Oscar has been creating a dance routine in coding which has been great fun and Eloise has been busy on number hunts around the house and garden.

We are still enjoying our daily walks and sprints, as we are very competitive! Charlie is still beating me on hill sprints, but I'm trying really hard to be as quick as I can.

Take care and stay safe
Miss Skipper x
