Dear 2FR,

I hope you are all enjoying spending some time at home with your families. I love seeing all the home learning you have been doing, you are so creative! There are lots of new resources being uploaded to the website every week so please do go and take a look.

I have been busy at home with my girls. We have been doing some home learning of our own. Beatrice has been learning to walk on her own, Olivia has been learning to read and I have been learning some new recipes to cook for dinner. I made a pizza base using yoghurt the other day!

All your Year 2 teachers have been chatting and we have decided on some challenges for you. They will be on the website this term. Your first challenge is to go on a bug and plant hunt this week. You could search in your garden or while you are out walking. What different flowers can you see? There is lots of blossom on the trees. Can you see any minibeasts? I keep finding lots of spiders in my garden.

Please keep sending me photos/videos of what you have been up to at home. I love seeing them as it brings a smile to my face.

Stay safe at home

From

Mrs Foley
