Hey 6S,

You have survived another week in lockdown so well done ☺. I hope you are all staying safe and well and continuing to smile!

I have had a great week this week which has involved going into school to look after some of the key working children; marking lots of your fabulous work and celebrating yet another win against 6R on TTRS!!! Whooooo!!! We thought we would make it a bit fairer and actually do a 6S Girls vs 6S boys and a 6R Girls vs 6R Boys this time - I guess we can't win every time! I'm sure we will still have a bigger total than 6R though because you guys are the best ☺!!

In other news, I have honestly loved seeing your work this week the most. So many of you are putting such a huge amount of effort into it and I love seeing how well you are doing. Please keep that up as well as the other emails you send me. I have loved seeing your faces in pictures and seeing your very imaginative creations.

One of the biggest things I have done this week is to go out cycling. Last Saturday, we rode for 10 miles around Coate Water although I have to admit I'm not sure my bum has recovered yet! We also cycled to school yesterday when we had to go into work and we have been continuing to run - I am hoping to be super fit by the time I get to see you all again.

I'm signing off now but please keep smiling; keep sending me your work, updates and pictures and fingers crossed I get to see you all again soon.

Keep up those cheeky smiles,
Miss Sparkes x
