Dear RS

I am missing you all lots! I hope that you are enjoying this time with your families and had that you had a great Easter holiday. Even though I have been staying at home I had lots of fun over Easter. We played in the paddling pool with Harrison, went out to spot the window rainbows and ate some yummy Easter eggs of course!

Well done for all of your home learning, it brings a smile to my face whenever I see it. I wonder what achievements you will make this week? Your adults must be really proud of the resilience you've all shown; learning at home is tricky but you are all doing such a fab job!

A few days ago, I had a go at making a recipe from a different country. I made Pad Thai, a noodle dish that originates from Thailand. It was so yummy and has made me excited to try cooking more foods that I haven't tried before. We have created a timetable of challenges for this Term, Your challenge for week 2 is to have a go at cooking a meal from a different country. You could even practise writing up the recipe yourself. What numbers do you notice on the recipe?

Please remember to send me any home learning you would like to share. I love seeing the photos and videos of the things you have been up to at home.

Stay home and stay safe RS. Hopefully see you all very soon!

From Miss Stringer
